A PRAYER AMID THE CORONA VIRUS OUTBREAK

Jesus Christ, you travelled through towns and villages “curing every disease and illness.” At your command the sick were made well. Come to our aid now, in the midst of the global spread of the coronavirus, that we may experience your healing love.

Heal those who are sick with the virus. May they regain their strength and health through quality medical care.

Heal us from our fear, which prevents nations from working together and neighbours from helping one another...

Jesus Christ, healer of all, stay by our side in this time of uncertainty and sorrow...

Be with the doctors, nurses, researchers and all medical professionals who seek to heal and help those affected and who put themselves at risk in the process. May they know your protection and peace.

Be with the leaders of all nations. Give them the foresight to act with charity and true concern for the well-being of the people they are meant to serve. Give them the wisdom to invest in long-term solutions that will help prepare for or prevent future outbreaks... Amen

From a prayer by Kerry Weber
